PLANT BREEDERS' RIGHTS (PBR) STATUS OF AVOCADO VARIETIES

Dear Tina

Wow, what a morning! I included for you please find the documentation, I hope, that can help you. If I can suggest in future try to avoid the change of the variety name because it can cause a lot of trouble for you in the end. The reason is that everything is published internationally and then republished with the changes. This is why it is mixed up on the international UPOV database.

SUBJECT : PBR Certificate for Dusa / Merensky 2

Dear Elina

At the beginning of this year Risan Duvenhage requested a name change on our PBR Certificate for Merensky 2. He requested that the name be changed from Merensky 2 to Dusa. As requested we returned the original certificate to your offices under registered mail. To date we have not received an original PBR certificate with the new name Dusa on it and I was wondering if you could possibly follow up on this for me and let me know where things stand.

I really appreciate your following this up for me and look forward to hearing from you.
My telephone number until 13h00 is 015 309 0029.

Kind regards

ALTERATIONS OF DENOMINATIONS

Dear Tina

Included with this fax please find a copy of each of the new certificates, as well as the correction made on the Special Edition of the Plant Variety Journal of 31 December 2002.

It will be published ERATA next week. By next Friday it should be on our WEBSITE again.

PLEASE accept my apologies for these mistakes. I can only say that it is because of the terrible pressure we experienced since every single computer and accompanying equipment were stolen in November last year. Some of our data was not on the main frame but on the computers itself. Our main database, on which your info was, is GONE! We had it typed over from our printed copies (luckily we had that!) with help, but this caused MANY typing errors! We almost sorted everything out now.

We are very sorry for any inconvenience caused!

I shall keep the original certificates here until the 17th.

I hope that you find it in order.

Thank you and kind regards
